For immediate release Re: Repo Remarketing Inc.

As Repo Remarketing continually strives to deliver top recovery, skip tracing and remarketing services, we took another major step forward. We aligned through an acquisition by Primeritus Financial Services Inc. and our partners will benefit as we leverage their volume and framework while continuing to deliver our top of class service. Repo Remarketing will operate as a subsidiary with the same staff, mission, and commitment to you.

Primeritus Financial Services Inc., a leader in recovery management serves 75 of the largest 100 lenders. They have two corporate offices with 200 employees in Nashville and Eldorado Hills.

Our staff remains the same, our mission remains the same and this step is proof of our ongoing commitment to deliver top industry resources by which all are benchmarked. I want to share my appreciation and gratitude for your trust in Repo Remarketing; we'll continually work hard to earn it.

Sincerely,

Lance Gartner
CEO
