

FOR IMMEDIATE RELEASE

## **Repo Remarketing Names Rob Savre VP Business Services**

September 21, 2011

Sacramento, CA

Repo Remarketing, the premier Repossession, Recovery and Remarketing service provider of credit unions has announced the addition of Rob Savre to the Executive team. “The addition of Rob Savre brings his 3 decades of repossession, customer service and auction experience to the benefit of our credit unions”, said CEO Lance Gartner. “As VP of Business Services, Rob will drive the growth of our services and continued development of our high client satisfaction ratings. Rob’s experience in the repossession and credit union industries will keep our services continually advancing toward the future needs of our credit unions.” Lance continued.

Rob’s repossession career started at Wells Fargo Bank as an in-house reposessor and auto loan collector. He moved on to repossess everything from cars to helicopters for a Northern California Repossession Company soon to become a Qualified Manager. Prior to joining Repo Remarketing, Rob held the position of Fleet Lease Manager of North Bay Auto Auction and Brasher’s Sacramento Auto Auction. He serves as an Associate Board Member of the California Credit Union Collectors Council.

Rob is joining the Repo Remarketing team that has been providing proven solutions with solid results to credit unions for over ten years. Rob’s experience includes expertise in many areas of Repo Remarketing’s service package, which includes: skip tracing, repossession, transportation, inspection, valuation, reporting and remarketing. Rob’s experience, service and standards align perfectly with our mission: provide a trustworthy bridge to recover and remarket credit union inventory efficiently, simply and profitably. With this in mind, Rob will be an important part of the team!
